

LOGIQ

Why LOGITRANS?

logitrans.com

Less sickness days

The ergonomic design reduces sickness days and gives happier employees.

Also, it reduces the noise level in the stores.

Higher efficiency and performance

Designed to increase the efficiency in stores with its closed fork construction, permanent quick lift and high manoeuvrability (360° turning radius).

The construction ensures a low noise level in the stores and can be used for many kinds of quarter pallets (e.g. display pallets).

Durability, lifetime

The LogiQ300 has a long operating life.

With its special construction with use of quality materials it lowers maintenance costs.

Tested before shipment.

Flexibility

· Also available as LogiQ 200.
